Natural food and drinks to enjoy together

Take the time to enjoy this special moment of the day together.

With us, you will discover what green can do for you.

In our kitchen, we use as many sustainable ingredients as possible.

Preferably seasonal and where possible, from Dutch soil.

There are plenty of options: we have something for everyone.

Do you have any allergies? Let our employees know.

Green Key

We work according to the Green Key guidelines. We support this sustainability quality mark in the leisure sector with all our heart. For example, we use energy and water carefully, we clean in an environmentally friendly way, recycle where possible and prioritize the use of sustainable, certified products.
